

Colorado Wildlife Habitat Protection Program

2009

Habitat Priorities

- **Winter range for big game**
- **Migration corridors for big game**
- **Important access for hunting and/or fishing opportunities**
- **Important habitat for T&E Species or Species of Concern**
- **Wetlands and riparian corridors**
- **Property acquisitions that would enhance the management of a CDOW State Wildlife Area (i.e. provide a more manageable boundary, fill in an in-holding, improve public access, or enhance management of habitat or wildlife-related recreation on CDOW property)**
- **Projects located within a High Priority Habitat-Acquisition Area**

Application Information

- **A total of up to \$15M will be available**
- **Emphasis on conservation easements, although fee title purchase may be considered. Long-term (10-25 year) or permanent agreements for wildlife-related recreational access will also be considered.**
